EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicants, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. The application has been amended as follows:

In the Specification amended on 10/23/03:

On page 2, line 3, after "filed June 22, 2001", insert: "now abandoned".

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest all of the limitations of the claimed invention including a method of manufacturing surge arrestors with the limitation of depositing individual beads of flexible, adhesive, and dielectric material on the previously-formed stack at interfaces between each adjacent pair of varistors where the varistors touch each other, such that the individual beats are spaced apart from each other in an axial direction of the stack.

Art Unit: 3729

Claims 22-27 are rejoined to the amended claim 1 for allowance as the application is a PCT case where there should be two new groups: (Group I: Claims 1-18 and 22-27) and (Group II: Claims 19-21) for restriction (of which Group II is cancelled on 3/13/07) and the Restriction Requirement done on 1/17/06 with two groups: (Group I: Claims 1-18) and (Group II: Claims 19-27) for restriction is withdrawn for the two new groups set as above for a proper PCT Restriction between independent Claims 1 and 19 only.

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
